- Services, images, service area
- Contact form or call button
- 2 revision rounds
- Delivery: 7 business days*

RECOMMENDED

Business Website

$1,950

one-time

- Up to 5 pages
- Copy drafts based on your briefing
- Mobile-friendly design
- Contact form tested with a real submission
- 2 revision rounds
- Delivery: 14 business days*

Care plan

$99/mo

optional · cancel anytime

- Monthly check: site loads, SSL & domain valid
- Uptime monitoring
- Monthly real test of your contact form
- Fixes for anything that breaks on our side; hosting/form settings kept working; backups of site files
- 30 min of changes per month (details below)

Care plan: 30 minutes of changes per month

Email your change requests (text, photos, hours, prices, small additions). Done within 2 business days. Time is used in 15-minute steps; unused minutes don't roll over. Larger changes are quoted first. Billed as a monthly Stripe subscription.

Included in both website packages — and what isn't

Two revision rounds are included. Extra features or services (e.g. online shops, booking systems, additional pages) are quoted separately, in writing, before work starts. Changes beyond the two revision rounds: $75/hour, quoted in advance.

Payment

Written fixed-price quote by email first. 50% deposit via a secure Stripe payment link to start; the remaining 50% after your final approval, before launch.

Domain & hosting — in your name, paid by you directly

Domain typically $10–20 per year, paid to the registrar of your choice. Hosting usually $0 on a free tier (Cloudflare Pages), in your own account. You own your domain, accounts and final site files.

Process — all by email, no calls needed

Briefing → written quote → 50% deposit via Stripe → design approval → build & private preview → revisions → final approval → remaining 50% → launch & handover. Weekly status updates during every project.
